

How to get involved in scientific ocean drilling?

Lunch & Learn for Early-Career Scientists

9 April 2019

12.45 - 13.30

Bring your lunch and learn
about IODP and ECORD

IODP-ICDP
booth 51-53

Speaker: **Prof. Michael Strasser**

Professor in Sedimentary Geology,
University of Innsbruck.

Prof. Strasser received the 2017 Asahiko Taira International Scientific Ocean Drilling Research Prize. He took part in several IODP expeditions such as NanTroSEIZE Expeditions 316 and 338 onboard the *Chikyu* and he is the Lead Proponent for Proposal #866 Japan Trench Paleoseismology. Prof. Strasser is also the current ESSAC Alternate for Austria.

Space is limited - first come, first seated!
