

IODP - Canada
Summer School

2010

Ocean and climate changes
in polar and subpolar
environments

An IODP Canada/ECORD Summer School – **27 June to 12 July 2010**

Rimouski – Quebec city – Montreal (Canada)

IODP-Canada organizes a summer school in 2010 on:

Ocean and Climate Changes in Polar and Subpolar environments

- **PhD students and postdoctoral fellows from ECORD countries** are welcome to apply. The summer school will focus on paleoceanography and paleoclimatology at high latitudes and will include lectures, lab work, fieldwork in the St. Lawrence Estuary and field trips in the St. Lawrence lowlands
- The registration cost is **1, 500 \$ CD** (before March 31st 2010; 1, 800 CAD after that date). It includes accommodation and most meals, local transport, access to the ship, laboratories, etc. It does not include the air flight ticket to Montreal and extra-personal costs.
- Fill the form available on IODP Canada Web site (www.iodpcanada.ca) to register and send it with other requested documents (see details on the Web site) to the IODP Canada office by email to H       Gaonac'h (coordinator@mail.iodpcanada.ca).
- Look for **ECORD scholarships** (http://www.iodpcanada.ca/news_items/open-call-for-ecord-scholarships-2010/) to support your participation to one of the IODP summer school (deadline 29 March 2010).

IODP Canada office: Universit   du Qu  bec    Montr  al, room PK-7160C.P. 8888 Succursale Centre-Ville, Montr  al, Qu  bec, Canada, H3C 3P8
