

Apply for an ECORD SCHOLARSHIP to attend an ECORD Summer School

Canada

Leicester (UK)

Petrophysics Summer School
Sunday 2 to Friday 7 July 2017, Leicester, UK

Petrophysics is the study of the physical (and chemical) properties of rocks and their interactions with fluids, and integrates downhole *in situ* data from logs with core and seismic data. This has significant applications in the hydrocarbon industry in terms of both exploration for, and production of, oil and gas. It is also an important component of the International Ocean Discovery Program (IODP) in helping to answer the many and varied questions posed by ocean research drilling expeditions around the world. This second Petrophysics Summer School will provide a unique workshop that will bring together experts from both academia and industry to give training in the theory and practice of petrophysics and, notably its applications across both IODP and industry.

Bremen (GER)

"Current-Controlled Sea Floor Archives:
Coral Mounds and Contourites"

21 August – 1 September 2017,
Bremen, Germany

ECORD SUMMER SCHOOLS 2017

URBINO (ITA)

THE URBINO SUMMER SCHOOL
IN PALEOCLIMATOLOGY

The European Consortium for Ocean Research Drilling (ECORD) will sponsor 10 to 15 Scholarships to allow outstanding young scientists to attend one of the three 2017 ECORD Summer Schools in Urbino (Italy), Bremen (Germany) or Leicester (UK). The Scholarships will contribute to costs of registration, travel, subsistence and/or accommodation at the Summer Schools.

The ECORD Scholarships are open to young scientists based in ECORD countries (see <http://www.ecord.org/about-ecord/about-us/> for a list of ECORD countries).

Preference will be given to PhD students or early-career post-doctoral research scientists. The review of the applications will be made by ESSAC, the ECORD Science Committee, and the decisions will be communicated by the mid May 2017.

The deadline to apply for an ECORD Scholarship is 24 March 2017.

Applications should be sent to the ESSAC Office (essac@geomar.de) and should include a detailed **Letter of Interest** (max. two pages), a **CV** and a **Letter of Support** from one supervisor. Please download and use the templates for the CV and Letter of Support from our website:

<http://www.ecord.org/education/scholarship/>

No other attachments will be accepted. The most important document of the package is the Letter of Interest, which should outline the motivation for your application and summarise how attendance at the summer school will be beneficial for your future scientific career. Application for an ECORD Scholarship is independent of the application and registration process to an ECORD Summer School. **Please be aware that application and registration for the ECORD Summer Schools must be made directly through the respective Summer School organisers (see contact links below) and not through the ESSAC office.**

For further information or questions, please contact the ESSAC Office:

ECORD SUMMER SCHOOLS 2017

ECORD Summer School: Petrophysics, Leicester, UK (University of Leicester, UK) 2-7 July 2017

Deadline to apply for a scholarship: **24 March 2017**

Deadline for application to the Summer School: Friday 3 March 2017

For more information please visit:

<http://www2.le.ac.uk/departments/geology/research/gbrg/projects/iodp/summerschool17>

The 14th Urbino Summer School in Paleoclimatology – Past Global Change Reconstruction and Modelling Techniques (Urbino, Italy) 12-28 July 2017

Deadline to apply for a scholarship: **24 March 2017**

Deadline for early-registration to the Summer School: **15 April 2017**

For more information please visit <http://www.urbinosp.it/>

Bremen ECORD Summer School 2016 – Current-Controlled Sea Floor Archives: Coral Mounds and Contourites (MARUM, University of Bremen, Germany) 21 August – 1 September 2017

Deadline to apply for a scholarship: **24 March 2017**

Deadline for application to the Summer School: **5 May 2017**

For more information please visit
